NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS

INSECTICIDE RESISTANCE WARNING:

GROUP 11B INSECTICIDE

For insecticide resistance management, Barmac BTI 200 GR is a Group 11B Insecticide.

Some naturally occurring insect biotypes resistant to Barmac BTI 200 GR and other Group 11B insecticides may exist through normal genetic variability in any insect population. The resistant individuals can eventually dominate the insect population if Barmac BTI 200 GR or other Group 11B insecticides are used repeatedly. The effectiveness of Barmac BTI 200 GR on resistant individuals could be significantly reduced. Since occurrence of resistant individuals is difficult to detect prior to use, Barmac Industries Pty Ltd accepts no liability for any losses that may result from the failure of Barmac BTI 200 GR to control resistant insects.

Barmac BTI 200 GR may be subject to specific resistant management strategies. For further information contact your local supplier, Barmac Industries Pty Ltd representative or local agricultural department agronomist.

APPLICATION:

Apply by properly calibrated aircraft or ground application equipment to ensure even coverage of all pools containing mosquito larvae. The large size of the granules assist in determining the coverage achieved.

PROTECTION OF CROPS, NATIVE AND OTHER NON TARGET PLANTS:

The empty containers must not be reused for any other purposes.

STORAGE AND DISPOSAL:

Keep out of reach of children.

Barmac BTI 200 GR must be kept in its original, properly labeled container, well sealed and stored in a cool, dry and well-ventilated place.

DO NOT expose to extremes of temperature or to direct sunlight.

Single rinse containers and dispose of rinsates safely. DO NOT dispose of undiluted chemicals on-site. Puncture and bury empty containers in a local authority landfill. If no landfill available, bury the containers below 500 mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots.

Empty containers and products should not be burnt.

SAFETY DIRECTIONS:

Do not touch or rub eyes, nose or mouth with hand when handling granules. May irritate the eyes. Avoid contact with eyes, skin and open wounds. Avoid inhaling dust. After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water.

FIRST AID:

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131126.

SAFETY DATA SHEET:

Additional information is listed in the SDS, available from www.barmac.com.au

Notice: This product is designed only for the particular purposes indicated on the label. Failure to use the product strictly as directed may be illegal, prove dangerous and render the product ineffective. The buyer or user is responsible for any misuse or negligence in the handling, storage, use of or disposal of this material. Waterbury Companies Inc or Barmac Industries Pty Ltd will not accept any responsibility whatsoever and howsoever arising and whether for consequential loss or otherwise in connection with the supply and use of this product other than those responsibilities mandatorily imposed by Statutes applicable to the sale and supply of these goods.

THIS PRODUCT IS NOT CONSIDERED TO BE A DANGEROUS GOOD UNDER THE AUSTRALIAN CODE FOR THE TRANSPORT OF DANGEROUS GOODS BY ROAD AND RAIL.
