

# PREMIUM STAINLESS STEEL BIRD SPIKES

VEXO stainless steel spikes are the most effective, durable and maintenance free method to evict birds from an area. VEXO spikes are constructed from premium grade 304 stainless steel for superior durability and rust resistance. Stainless steel spikes also resist UV degradation and chemical corrosion.

VEXO stainless steel spikes have a 0.8mm base for flexibility to conform to almost any shape during installation without sacrificing strength or durability.

Install VEXO spikes on exposed surfaces to prevent damage and health hazards from bird droppings and nesting materials. VEXO spikes are a safe, visual deterrent to deter birds in the area.

## GOOD ENOUGH IS NOT GOOD ENOUGH AT VEXO

That's why we use premium grade, SUS304 stainless steel in the construction of our bird spike range.

The superior quality raw materials we use, combined with our precision welding and quality control process is what helps us deliver industry leading corrosion resistance and durability.
