

# Protecta® Sidekick™

Tamper-Resistant Rodent Bait Station

PATENTED

## AN ECONOMICAL ALTERNATIVE TO NON-TAMPER-RESISTANT BAIT STATIONS

Fits flush against wall with side opening

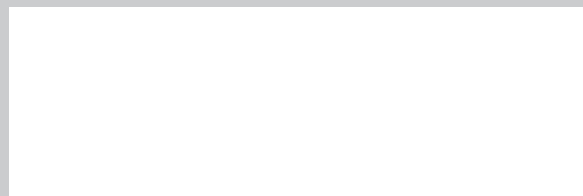

Accommodates Trapper T-Rex Rat Snap Trap

Documentation is a cinch with built-in card holder

## Protecta® Sidekick™

- ✓ **Professionally Responsible: Improves the quality of service**
  - Economical option to replace non-tamper-resistant bait stations
  - Helps reduce risk of accidental exposure
- ✓ **Fully Functional: Use as a monitoring station or bait station**
  - Use Trapper T-Rex Rat Snap Trap in the feeding chamber or set forward in runway
  - Large bait capacity holds almost 1 kg of bait. Comes with vertical securing rods
  - Rigid, heavy-duty plastic polymer construction to withstand temperature extremes
  - Compact size to fit in tighter baiting situations
- ✓ **Easy to Use: Maximizes technician productivity**
  - Patented side opening, for fast, easy and convenient servicing
  - Rounded interior walls for quick clean-up
  - Bell two-prong key provides easy access without extra hassle
  - Multiple station securing options with textured base
  - Integrated service card slot built into the station makes documentation tasks easier
