-------------	--

How to Use:	<p>HOW TO USE:</p> <ul style="list-style-type: none"> • For outdoor use. Wear gloves when using product or handling toads. • Shake before use. • Hold sprayer 20-30 cm from the toad and squirt trigger once for small toads and twice for larger toads. (Ensure spray contacts toad). • Generally, the toads will not react to the spray as it is not irritating to them. They are sedated by Croaked Cane Toad Control before they die. • Observe toads for a period of 1-2 minutes. • Toads that are still moving after 1 to 2 minutes may require further treatment. <p>COLLECTION OF DEAD TOADS: Use gloved hands to collect dead toads after treatment. Dead toads should be collected and wrapped in paper or plastic bags and placed in external household garbage.</p> <p>NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED</p>
