

TERM-seal™

SOFT ANNULAR

Soft Annular Collar

Pre-cut soft annular collars for the treatment of slab penetrations in construction situations

In certain situations, the construction process makes the use of rigid collars impossible eg pipes adjacent to form work clusters. This situation is easily overcome by using TERM-seal™ Soft Annular Collar.

TERM-seal™ Soft Annular Collars are supplied pre-cut to fit 40mm (water), 40mm (electrical), 50mm, 65mm, 80mm and 100mm pipes and conduits.

- Supplied pre-cut
- Complies with full requirements of AS3660.1-2014
- Can be adjusted to suit any size conduit or water pipe
- Must be used with a TERM-seal™ Ura-Fen Shield TWB 100mm (folded to 50mm) wrap
